YSK 750

Sloped, Outside Glazed Skylight System for Curtain Wall

The **YSK 750** is a complete slope glazed framing system designed for curtain walls with long rafters. The system incorporates an integral gutter that may be set directly down onto a curb or on top of a vertical curtain wall. The unique hinge will accommodate slope angles from fifteen to sixty degrees and provide positive anchorage for the slope. Purlins (horizontal members) are available with a variety of face covers to meet design requirements or may be structural silicone glazed for a clean, uninterrupted appearance.

- Available in stock lengths or may be factory engineered.

- SSG purlin option available

- Dual finish capability for different exterior and interior colors

- Variety of face covers to match your design

- Integrates with our YKK AP 750 Series Curtain Wall

- Custom design solutions may be available through our Engineering Center

Configuration:

Glazing	Glass Setting	Installation
Outside	Front Set	Rafter or Purlin

YSK 750 SPECS

Base Depth	7-1/2"
Sightline	Angle Dependant
Config	Outside Glazed / Front Set
Tested Glass	1" IGU with Low-E (C.O.G. U-Factor: 0.29)

Test	Results	Standards
Air Infiltration	0.06 CFM/FT^2 (1.10 m³/h·m²) @ 6.24 PSF (299 Pa)	ASTM E 283
Water Infiltration	**Static:** 15 PSF (718 Pa) **Dynamic:** 15 PSF (718 Pa)	ASTM E 331 AAMA 501

Glazing Options

For Purlins:	5/16", 1", 1-1/16", 1-1/8", 1-3/16", 1-1/4" and 1-5/16"
For SSG Purlins:	1", 1-1/16", 1-1/8", 1-3/16", 1-1/4" and 1-5/16"
For Rafters:	5/16", 1", 1-1/16", 1-1/8", 1-3/16", 1-1/4" and 1-5/16"

Finish Options

Type	Standard
Factory Anodized	AAMA 612
Organic Paints	AAMA 2604 AAMA 2605

15° to 60° Angles
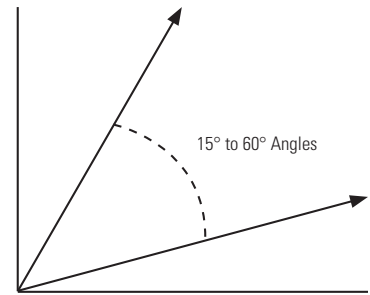

A Closer Look at Sloped Glazing
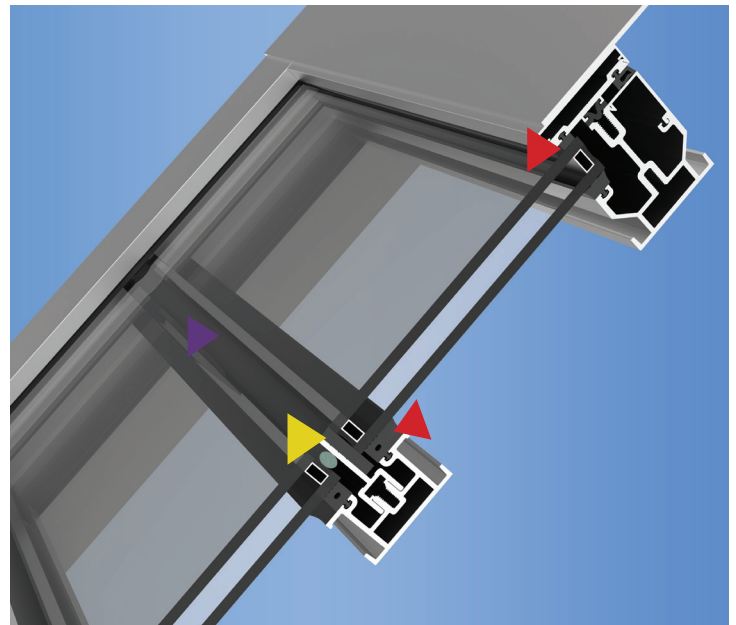

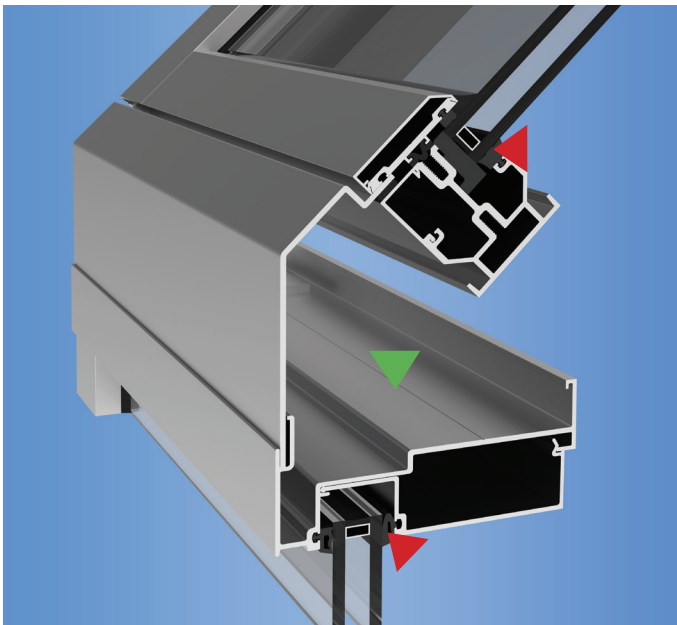

▶ **INTEGRATED GUTTER** - Built in the slope system that will sit flush on a curtain wall or slab to help redirect any water.

▶ **TAILORED GLAZING** - Wet and Dry Glazing combinations ensure the best support for the sloped glazing applied to the system.

▶ **INTEGRATED STRUCTURAL SUPPORT** - Carry dead load of the insulating glass, diverting load away from struts.

▶ **STRUCTURAL SILICONE GLAZING** - SSG option for perlin type installation.
